

Student Reports May 2018

Dear Parents and Students,

This year there will be changes to the way subjects are reported on. Instead of one summary report at the end of a term or semester you will be able to see Learning Tasks with comments and grades on the following dates.

March 12, May 14, June 25, Aug 20, Oct 15, Dec 10

These tasks will be flagged to show that there is an indication of the grade and effort as well as a comment.

The end of semester reports will now be a summary of each subject with Victorian Curriculum levels and grades for key tasks displayed. There will be no comments on end of semester reports.

What this means for Parents:

Parents will need to log into Compass and look at flagged Learning Tasks on or just after the dates published above.

You will be able to regularly monitor student progress and see feedback about specific tasks and how students can improve.

What this means for Students:

Students will need to ensure Learning Tasks are submitted on time with maximum effort applied.

You will be able to read comments and analyse rubrics to see feedback about specific tasks and how to improve. This allows you the opportunity to regularly monitor progress towards your goals.

Gary Rule
Assistant Principal
